- \*EXPLANATION OF ZONE DESIGNATIONS**
- | ZONE   | EXPLANATION  |
|--------|--|
| A      | Areas of 100-year flood; base flood elevations and flood hazard factors not determined.  |
| A0     | Areas of 100-year shallow flooding where depths are between one (1) and three (3) feet; average depths of inundation are shown, but no flood hazard factors are determined.  |
| AH     | Areas of 100-year shallow flooding where depths are between one (1) and three (3) feet; base flood elevations are shown, but no flood hazard factors are determined.   |
| A1-A30 | Areas of 100-year flood; base flood elevations and flood hazard factors determined.  |
| A99    | Areas of 100-year flood to be protected by flood protection system under construction; base flood elevations and flood hazard factors not determined.  |
| B      | Areas between limits of the 100-year flood and 500-year flood; or certain areas subject to 100-year flooding with average depths less than one (1) foot or where the contributing drainage area is less than one square mile; or areas protected by levees from the base flood. (Medium shading) |
| C      | Areas of minimal flooding. (No shading)  |
| D      | Areas of undetermined, but possible, flood hazards.  |
| V      | Areas of 100-year coastal flood with velocity (wave action); base flood elevations and flood hazard factors not determined.  |
| V1-V30 | Areas of 100-year coastal flood with velocity (wave action); base flood elevations and flood hazard factors determined.  |

**NOTES TO USER**

Certain areas not in the special flood hazard areas (zones A and V) may be protected by flood control structures.

This map is for flood insurance purposes only; it does not necessarily show all areas subject to flooding in the community or all planimetric features outside special flood hazard areas.

**INITIAL IDENTIFICATION:**  
MAY 31, 1974

**FLOOD HAZARD BOUNDARY MAP REVISIONS:**

**FLOOD INSURANCE RATE MAP EFFECTIVE:**  
DECEMBER 1, 1978

**FLOOD INSURANCE RATE MAP REVISIONS:**  
Map revised June 3, 1986  
to change special flood hazard areas, base flood elevations, add zone designations, and to revise corporate limits and extraterritorial limits, and to reflect new FEMA title block.

To determine if flood insurance is available in this community, contact your insurance agent, or call the National Flood Insurance Program, at (800) 638-6620.

**ELEVATION REFERENCE MARKS**

REFERENCE MARKS	ELEVATION (FEET NGVD)	DESCRIPTION OF LOCATION
RM 1	1966.75	Top of the south bolt on the upper flange of fire hydrant located at the southwest corner of the intersection of Eleventh Street and Dodd Street.
RM 2	1966.68	Top of the northwest hydrant bolt on the upper flange of fire hydrant located at the southeast corner of the intersection of Twelfth Street and Dodd Street.
RM 3	1961.17	Top of the southwest corner of the concrete headwall located at the southwest corner of the intersection of Walnut Street and District 83 Road.
RM 4	1963.00	Top of the northwest hydrant bolt on the upper flange of fire hydrant located at the southeast corner of the intersection of Eleventh Street and Walnut Street.
RM 5	1963.49	On top of the northwest hydrant bolt on the upper flange of fire hydrant located at the southeast corner of the intersection of Thirteenth Street and Walnut Street.
RM 6	1973.45	Top of a nail in a power pole located on the north side of Old Military Road, about 4600 feet west of intersection with State Highway 11.
RM 7	1969.04	Top of the east end of a 30-inch concrete pipe located on the north side of Old Military Road, about 1550 feet west of intersection with State Highway 11.
RM 8	1957.56	Top of the northwest corner of a concrete headwall located at the northeast corner of the intersection of U.S. Highway 30 and County Highway 36.
RM 9	1969.38	Cross mark in the concrete ledge located on the southwest corner of the State Highway 11 bridge over Wood River.
RM 10	1962.96	Top of the northwest corner of a concrete wall located on the inlet structure at the sewage treatment plant, about 1090 feet north of the intersection of Walnut Street and District 83 Road, about 400 feet east of an extension of Walnut Street.
RM 11	1960.44	Top of the southeast corner of the northeast concrete wingwall of County Highway 36 box culvert over Wood River.
